

I am a student and live in Lausanne

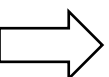

Cool ! I don't need to do my paperwork in person at the counters.

Before starting the procedures, I check that my accommodation is indeed in Lausanne via the website [Registres des adresses](#)

I prepare all my documents (see following pages) before undertaking the online registration based on my nationality

I make my registration **at most 30 days** before my arrival in Lausanne via the website www.lausanne.ch/ch-fops

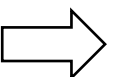

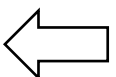

The procedure to follow can be found on the next page.

Procedure

1. Prepare all the documents mentioned on pages 3 and 4 of the flyer according to my nationality and where I'm coming from.
2. Register online on the website and attach the documents initially prepared.
3. Receive the registration confirmation by mail.
4. The Control of inhabitants registers me in their records **on the effective date of my arrival in Lausanne** and forwards the permit application to the cantonal authorities as per their competencies.
